THE DETAILS

key benefits defined

☑ REDUCE THE RISK OF EMERGENCIES

Free annual plumbing, electrical, and sewer (through an accessible cleanout) inspections. We will provide you with a detailed report of our findings and explain any concerns. We'll alert you to potential emergencies before they become disruptive problems. We'll even call to schedule your annual inspection so you won't have to worry about remembering.

☑ PRIORITY SERVICE

Care Plan members receive priority service

☑ DISCOUNT PRICES

Special member pricing on repairs. We waive the \$30 diagnostic service charge for our Care Plan members.

☑ INCREASE EFFICIENCY AND REDUCE ENERGY COSTS

If you're looking to cut down on your energy costs and make your home more efficient, making electrical upgrades is a great place to start. An annual water heater flush keeps your water heater running efficiently; if you have a tankless water heater, we may need to install an isolation valve for an additional charge.
